

Layout - Login Page

Overview

The login page features a full screen background image. A selection of approved background images is available in the "Login images" page. Among the images provided, please choose the keyvisual that works best for your target audience.

The login panel is positioned on the left side and covers 50% of the horizontal screen space and 100% of the vertical screen space. The login image is on the right.

Input fields may vary depending on the region and/or product.
